

"The Avenue" A Shoe for Young Men

Here's a shoe that presents with notable success the Selz Royal Blue idea of style distinctiveness combined with comfort and durability.

Note the smart English effect—the comfortable looking last and heels.

The "Avenue" comes in both black and tan, and it costs no more than the inferior kind.

**FOREST OFFICERS
ASKED TO LOG
HIGHWAYS**

Order Issued by District Forester to Employees Who Use Motor Vehicles for Travel.

An order has just been issued by the district forester at Albuquerque instructing forest officers who use motor vehicles for travel to carefully log all roads of travel. It is hoped that by the end of the coming field season most of the motor roads within national forests and particularly those frequented by tourists will be logged. Notes will be made in regard to distances of travel, condition of the road, surface, such as mud or sand; and other information of use to travelers. While this information is being primarily collected for official purposes yet it is planned to supply it to the public.

**EXPOSITION BOOK
ON NEW MEXICO TO
BE COMPREHENSIVE**

[Special Correspondence to the Herald]
Santa Fe, N. M., Feb. 12.—The New Mexico board of exposition managers has just completed arrangements for the publication of a book on New Mexico with D. R. Lane, a well known newspaper man of Albuquerque, and E. A. Koehler Jr., of Los Angeles, who has had much experience in the compilation of works of this kind. The book is to be compiled and printed without expense to the state, the board of managers is very much pleased to have completed this arrangement. The book will be extensively and beautifully illustrated and twenty-thousand copies will be at the disposal of the exposition board. It will be remembered that in 1904 a similar volume was issued by the bureau of immigration which did a large amount of good in attracting home-seekers and investors. The volume for the Panama-California exposition at San Diego will cover the resources attractions and advantages of each county in detail and consecutive order. The statistics will be official and accurate and will be ready by the board before final approval. The publishers will place themselves in touch with the authorities of each section, chambers of commerce, and other civic organizations, and will make personal trips to every county and town in the state. It is certain that the volume will be the most comprehensive and accurate review of New Mexico's industries and development thus far issued and will prove an invaluable means of advertising the state. Work on the book will be begun immediately as the twenty-five thousand copies for the board are to be delivered before January 1, 1915.

FINDS BEST OPENING IN ALBUQUERQUE NEWSPAPER FIELD

New Owner of Evening Herald Believes This City Most Promising Location in Entire Southern Country.

BRINGS CAPITAL TO BOOST BEST TOWN

Successful Arkansas Newspaper Man and Associates Take Charge on Monday of Next Week.

George S. Vaillant of Texarkana, Ark., with whom are associated his father, George E. Vaillant and A. A. Allen, has purchased the Albuquerque Evening Herald from the local company headed by M. W. Flournoy and the new owners will take charge next Monday, February 19. Mr. Vaillant pays a cash consideration in full for the property. Published reports of the consideration, which is private, are incorrect.

For the past decade the Vaillants have been newspaper publishers, having made a notable success of the "Texarkanian" at Texarkana, a live newspaper in a city of 20,000 population.

"For the past few months," said Mr. Vaillant today, "we have been looking for an advantageous location in which to enter the newspaper business. I have traveled pretty extensively over the south and southwest, looking at various towns and various propositions, going as far south as Florida.

"Nowhere have I found a city or a newspaper proposition that appeared better to me than Albuquerque and The Evening Herald. The city's present and future look better to me than any town of anything like the size which I have visited. Albuquerque looks good to me. Its business history is first class, and its prospects appeal to me as being splendid. I have looked into the matter pretty carefully and conservatively and I am confident that this city, with its strategic business location and its long lead over other towns in New Mexico and especially its class of business men, is certain to go ahead steadily and surely. The evening newspaper field in such a city looks especially inviting to me. We intend to take the fullest advantage of it.

"Our idea is to continue The Evening Herald as the cleanest, newest and most popular newspaper in New Mexico, improving and enlarging it to keep abreast and ahead of the growth of the city and state. The interests of Albuquerque and New Mexico are to become ours and we shall always be found behind every movement for progress."

While no announcement as to political policy is made, the Vaillants have been life-long Democrats. Mr. Vaillant, however, said today that the first aim of The Evening Herald under the new management will be to print all of "Today's News Today," with a sane, conservative and independent editorial policy.

The new owners hope that from the public a continuation of the generous advertising and subscription patronage which The Evening Herald has been receiving and promise to give the public a newspaper which will merit a continuation of this gratifying support.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try this! Hair gets thick, glossy, wavy and beautiful at once—Stops Falling Out.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Dandierine bath clothe. Just try this—moisten a cloth with a little Dandierine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scruffy, faded, dry, brittle or thin. Besides beautifying the hair, Dandierine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Dandierine from any drug store or toilet counter and just try it.

The Best Cough Medicine.

"I have used Chamberlain's Cough Remedy ever since I have been keeping house," says L. C. Hanes of Maryville, Ala. "I consider it one of the best remedies I ever used. My children have all taken it and it works like a charm. For colds and whooping cough it is excellent." For gay's by all druggists.

GERMAN RELIEVED OF ALIMONY PAYMENT

Court Finds Conditions Have Changed Since Divorce Was Granted; Judgment for Defense in Hubbell Case.

Judge Raynolds this morning, after a hearing in the case of German vs. German, in which the defendant was ordered to show cause why he should not be brought before the court and punished for failure to pay \$2 a week alimony to the plaintiff, granted by the court at the time of their divorce, determined that conditions had changed since the alimony order was issued and passed an order relieving German of further payment of alimony. The minor child remains in the custody of the wife. Mrs. German since the alimony order has remarried.

The court this afternoon found for the defense in the suit of Francisco Lucero Montoya vs. Frank A. Hubbell, an action on notes which the plaintiff alleged Hubbell was responsible for.

The suit of the Hubbell Laundry Co. vs. W. H. Kerr was dismissed.

The suit of Eusepillo Romero vs. Juan C. Sandoval, a suit which has been pending for several years and which involved homestead rights in Sandoval county, was decided for the defense and the plaintiff ordered to pay the costs.

The case of Desidero Carabajal vs. Juan Barra, also involving homestead rights, was dismissed without prejudice.

J. R. Darnell of Portales today filed a suit in assumption against the Occidental Fire Insurance company, for \$11,000 upon an alleged claim on a fire loss.

Sylvanna Sutton today filed suit through her attorney, John W. Wilson, against Henry Sutton asking divorce on the ground of non-support. The couple were married in Jeffersonville, Ind., in 1896. There are no children.

Judge Reynolds yesterday heard the case of Francisco Lucero & Montoya against Frank A. Hubbell, involving the payment of two notes of \$250 and \$200, respectively, which the plaintiff alleges Mr. Hubbell endorsed with him.

The court gave judgment in the case of Grunfeld Brothers vs. Herman Wertheim by default, suit being brought to recover \$72.75 and costs.
